Parent Support Adviser

My role as Parent Support Adviser is to provide impartial support and work directly with parents.

Meetings can take place at home, school or in a place of your choice.

Natasha can help parents and carers by:

- Getting the most out of school life
- Identifying specialist services and other agencies available to help with family issues
- Helping to provide support for families through regular “meet ups” for parents, carers and grand-parents within Norwich and surrounding areas.
- Helping parents to understand their child’s learning, ie, explaining the curriculum, annual reviews, homework and teaching styles, etc.
- Helping to prevent issues becoming more difficult within the family and/or school
- Being the parent’s voice, eg, at annual reviews or other meetings
- Helping children to join in the various extra activities in and out of the school, should they wish to, eg, after school and lunchtime clubs, visits, sports events, etc
- Helping where attendance and exclusions are a concern.

Where and when can you find Natasha, our Parent Support Adviser?

Natasha is based at The Parkside School and is employed by Parkside Community Trust.

Natasha is available Monday-Thursday.
