### **CAREERS LESSON**

Most of the year 9 10 and 11 pupils have enjoyed a Careers lesson with Simi who works for an organisation called Volunteer IT Yourself. He helped the pupils to think about transferrable skills for the work place by using plumbing tools and equipment. All the pupils responded well to the task and demonstrated great communication, team work and number skills. This project was paid for by money from the Norwich Opportunity Fund and was therefore free to the school. The pupils really enjoyed meeting new people and learning new skills.
