Key Financial Tasks

The finance committee undertake the key financial tasks each term as outlined in the document at [Appendices 3. \(See appendix 4 of the FPM\)](#)

FINANCIAL PLANNING

- The school development plan includes a statement of its educational priorities to guide the planning process. The school development plan states the priorities in sufficient detail to provide the basis for constructing budget plans.
- There is a clear, identifiable link between the school's annual budget and the school development plan.
- For each of the key issues in the school development plan, costs and other inputs are identified and budgets prepared.
- The school improvement development plan is reviewed in the Spring Term 1 term to ensure that educational priorities are stated for the next three years and shows how the use of resources is linked to achieving the goals.
- The school budget is revised after the review of the development plan and resources identified within the budget to deliver the plan's priorities
- The school budget is maintained for the current financial year and two further years.
- The budget is based on realistic estimates of all income and expenditure so that planned expenditure does not differ materially from the agreed budget.
- The budget and cash flow forecast are profiled in accordance with likely spending patterns.
- In the event of a budget surplus this is earmarked for a future specified use.
- A record is maintained of all ongoing commitments with explanations of any significant year-on-year changes.
- All new initiatives are appraised by the finance committee in relation to their costs, benefits and sustainability.
- The main elements of the budget are fundamentally reviewed within a five year cycle. Benchmarking information helps to identify priorities.
