

Maths

This half term we will be exploring subtraction, division, telling the time, temperature and coordinates.

Topic

Journeys and Holidays

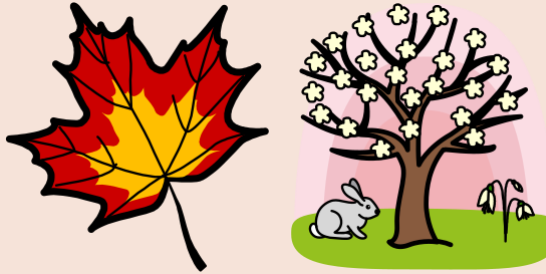

EHCP Focus

Throughout our day-to-day we individualise work to meet EHCP outcomes, however we also have Target Time in which we have focussed time to work on EHCP targets 1:1.

English

Our book this half term is Kensuke's Kingdom by Michael Morpurgo. We will be learning to describe, retell and contextualise through Talk For Writing, signing, key words and role play.

Maple class
Spring 2 2023

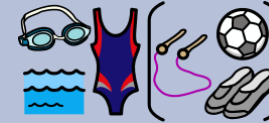

Phonics

This half term we are using our Phase 2 and 3 sounds to read CVC words. We are also practicing tricky words and using the whole word reading approach.

Science

Our Science topic is directly linked to our story and we will be experiencing Journeys through experiments and sensory input.

Swimming and Fitness

This half term we are having swimming lessons with Paul as our Physical Education provision and we are looking at Fitness in PE

Art

We are using our story this half term to create Journeys and holidays-themed art using different materials and methods.

Continuous Provision

We integrate continuous provision during the day including computing, communication support, and independent exploration. We have interventions such as emotional literacy, nurture and music.

Global Studies

Our theme this half term ties in perfectly with global studies. We will be using our book as a stimulus, but will also be organising visits outside of school
